DECLARING YOUR EMPHASIS

All Liberal Studies majors must declare either the Elementary Education Emphasis or the Interdisciplinary Thematic Emphasis!

(If you don’t declare your emphasis, the computer system will not give you proper credit for the courses you’re taking, and you won’t be able to graduate.)

If you want to become an elementary school teacher, then you declare the Elementary Education Emphasis. For all other purposes and career goals, you declare the Interdisciplinary Thematic Emphasis.

To declare your emphasis, send an email to the department chair, Prof. Fischer, at mfischer@fullerton.edu. He will then submit the necessary form to the Records Office for you.

In your email, indicate your name, your student ID number (CWID), your phone number, and which emphasis you want to declare.
